## Circumnavigating the Black Sea aboard *Island Sky*

September 25–October 6, 2016 ■ 10 nights/11 days

The countries bordering the Black Sea offer a rich diversity of historical and cultural attractions, including the splendid Viennese Baroque and French Rococo opera house in Odessa (cover); the spectacularly situated Sumela Monastery, high in the Pontic Mountains of Turkey (above); the Ottoman monuments and rock-hewn tombs of Amasya (inset); and the Holy Trinity Cathedral of Tbilisi, known as Sameba (back cover).

**SEPARATING CONTINENTAL EUROPE AND ASIA MINOR**, the Black Sea has long provided the stage upon which the fortunes of ancient empires have risen and fallen. Aboard the all-suite *Island Sky*, circumnavigate this legendary body of water, exploring the region's storied past and challenging future and enjoying the cultural traditions that make each country visited unique and memorable.

From Istanbul, depart on a 10-night cruise to intriguing cities in Turkey, Georgia, Ukraine, and Bulgaria: Amasya, rich with traditional wooden Ottoman houses backed by the rock tombs of the Pontic kings; Batumi, site of a world-renowned botanical garden;

Tbilisi, with its mix of medieval, classical, and Soviet structures; Trabzon, home of the 4th-century Sumela Monastery, perched high up in the Pontic Mountains; Odessa, whose Potemkin Steps were made famous in the 1925 silent movie *Battleship Potemkin*; and Varna, home to a magnificent collection of Scythian gold treasures.

Along the way enjoy entertaining dance and music performances and sample a variety of local cuisines. To extend your adventure, join the optional pre-trip extension to Istanbul and/or the optional post-trip extension to Cappadocia in Central Anatolia.

### WHAT TO EXPECT

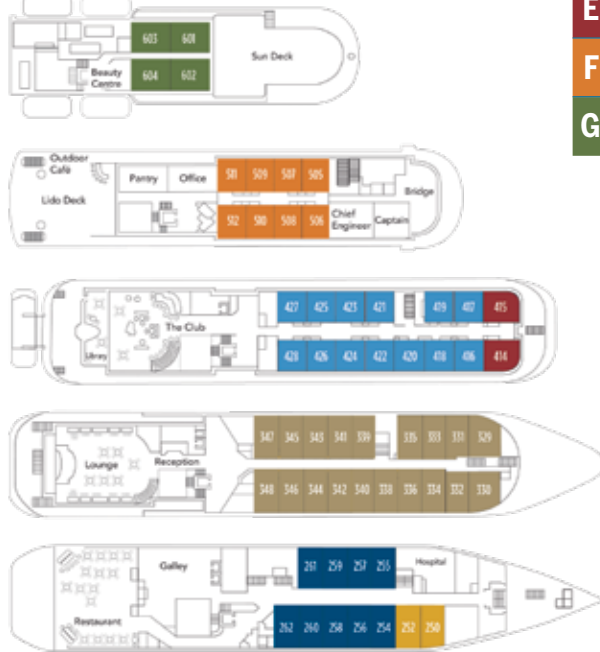

This is a moderately active trip for travelers who are flexible, comfortable traveling with a group, and can handle the vagaries of travel with good humor.

Navigating uneven terrain, walking on cobblestone pavement, and standing for up to two hours in museums or other sites are the most strenuous activities. Some locations may have stairs without handrails. In addition, travelers must be able to board the ship via a metal gangplank with rope handrails and be comfortable with the rolling movement of the ship. Daytime temperatures during the trip will generally average in the mid to high 70s F, with infrequent rain. Participants with medical issues and/or dietary restrictions must make them known to us well before departure, and impairments regarding mobility must be disclosed prior to booking. If you have any questions about the level of activity of this program or your ability to participate, please call HAA Travels at 800-422-1636.
