## Spring Break

Designed as an opportunity to interact in an intergenerational spirit within the Harvard community, our Spring Break trips bring together students, alumni, and expert leaders for enlivened discussions and educational exchange. Special rates for Harvard University students and travel scholarship opportunities for current Harvard College students make these programs accessible as well as meaningful.

## ONE WORLD. FOUR MUSEUMS.

As a partnership of four public Harvard museums—the Collection of Historical Scientific Instruments, Harvard Museum of Natural History, Harvard Semitic Museum, and Peabody Museum of Archaeology & Ethnology—and six research collections, HMSC coordinates permanent galleries, rotating special exhibitions, and programming and events for all ages. Now on exhibit: **All the World is Here**—to mark the 150th anniversary of its founding, the Peabody Museum's exhibition transports visitors to the 1893 World's Columbian Exposition and the birth of American anthropology ([peabody.harvard.edu/all-the-world](http://peabody.harvard.edu/all-the-world)).

HMSC trips foster curiosity and discovery for all ages, while enhancing public understanding of and appreciation for the natural world, science, and human cultures. Membership is requested for all who travel with HMSC. **Please visit [hmsc.harvard.edu/membership](http://hmsc.harvard.edu/membership) for more information.**
