THE ANDEAN HIGHLANDS & THE GALÁPAGOS ISLANDS

aboard La Pinta

With Leanne & Alfonso Alonso, Conservation Biologists

July 5–14, 2018
CREATE LASTING MEMORIES FOR YOUR FAMILY THIS SUMMER
in the highlands of Ecuador and the Galápagos Islands! This family adventure features a combination of the rich culture of the Andean Highlands with a cruise to the amazing Galápagos Islands that will hold interest for all age groups. Your adventure begins in Quito, Ecuador, with its gilded churches, cobblestone streets and Spanish Baroque architecture. From Quito, travel to the highlands and stay at a lovely hacienda, your base for exploring Andean landscapes, indigenous markets, natural sanctuaries, and artisan villages. On the islands, nature walks, beautiful beaches, a glass bottomed boat, snorkeling, kayaking, sightseeing, and science lectures are all a part of this wonderful journey. Each day offers several face-to-face encounters with animals and birds—few places on earth afford such close access to wildlife as in the Galápagos.

Located 600 miles off the coast of Ecuador, these legendary islands feature 26 species found nowhere else on earth including the marine iguana, Darwin’s Finches, and giant tortoises. The islands offer a varied terrain to explore including lava fields, lush green vegetation in the highlands, and sandy beaches. Among these spectacular geological features, one can encounter flocks of frigate birds, blue footed boobies, colonies of marine iguanas, and Galápagos Penguins, along with other fascinating sea life.

Throughout your voyage enjoy abundant opportunities for hiking, horse-back riding, snorkeling, and photography.

Leeanne Alonso has a PhD in Biology from Harvard University, where she studied under renowned biodiversity expert, Dr. E.O. Wilson. Leeanne has over 20 years of experience working around the world in the field of biodiversity conservation. Leeanne is currently working with Global Wildlife Conservation, through which she is a founding member of the Women for Nature Network (WINN), which aims to strengthen the role of women in conservation and natural resource management around the world. Leeanne currently serves as a Biodiversity Consultant to the International Finance Corporation (IFC), the private lending arm of the World Bank, where she advises private sector companies on how to minimize the impacts of their development projects on nature and the environment.

Leeanne’s husband Alfonso Alonso, also a conservation biologist, is with the Smithsonian Conservation Biology Institute. In his current position as managing director for field programs he develops assessment and monitoring programs to minimize impacts on biodiversity during oil and gas mega-infrastructure projects.
THURSDAY, JULY 5

U.S. / Quito
Depart the U.S. on independent flights to Quito, Ecuador and transfer to the hotel. JW Marriott (meals aloft)

FRIDAY, JULY 6

Quito / Otavalo
Nested in a high Andean valley 9,350 feet above sea level, Quito was declared the first “Cultural World Heritage Site” by UNESCO in 1978. This morning depart on a city tour of Quito’s wonderfully preserved colonial section, including graceful plazas and arcades, the Cathedral’s unique gargoyles, and the impressive gilded interior of La Compañía church. Then, drive north through dramatic mountain scenery towards the town of Otavalo in the northern Sierra. Stop at the demarcation of the equator for some interesting pictures. Then, visit one of the most important rose plantations of the area and learn about cultivation, exportation, and bouquet making. Welcome lunch at the rose plantation. Proceed to Hacienda Cusín, a restored, 17th-century estate in the Ecuadorian Sierra and your home for the next two nights Hacienda Cusín (B.L.D)

SATURDAY, JULY 7

Otavalo
Spend the morning at one of South America’s most famous indigenous markets, Otavalo, a market that dates back to pre-Inca times and where colorful handicrafts are on display. See Otavalo Indian men with long braided hair, blue ponchos, and white trousers, and women wearing distinctive gold beads and dark headdress. Later, choose either to visit the Condor Park, home to the majestic Andean Condor, or saddle up for a horseback-ride amongst the beauty of the Ecuadorian highlands. Hacienda Cusín (B.L.D)

SUNDAY, JULY 8

Otavalo / Pueumbo
Explore the fertile Valley of Otavalo, from its landscapes of mountains, lakes and corn fields, to its craft centers, dairy farms, flower plantations, and wonderful people. Visit Cuicocha Crater Lake that lies within a large caldera created by a volcanic eruption some 3,100 years ago. A gentle hike around the rim offers wonderful views and an opportunity for wildlife viewing. Then visit Indian communities to see artisans at work in old-fashioned shuttle looms. Lunch is at the historic 18th century Hacienda Pinaquai that once hosted such illustrious guests as Simón Bolívar. Continue on to Pueumbo for the night before a morning flight to the Galápagos.

Hotel Rincón de Pueumbo (B.L)

MONDAY, JULY 9

Pueumbo / Baltra Island / Santa Cruz (Highlands)
Fly this morning to Baltra Island in the center of the Galápagos Archipelago. Upon arrival, take a small ferry across a channel to the north shore of Santa Cruz Island. Then, transfer by bus to the highlands, where you will learn about Santa Cruz’s unique ecosystems and biodiversity. After lunch, continue by bus to a reserve that is one of the best places in the archipelago to see giant tortoises in their natural habitat. There are several lava tunnels in the reserve, as well. A short bus ride takes you down to Puerto Ayora to board Yacht La Pinta. Yacht La Pinta (B.L.D)

TUESDAY, JULY 10

Eden Islet (Santa Cruz Island) / Sombrero Chino Islet
After breakfast, a panga ride takes you to Eden Islet, located off the coast of Santa Cruz, where you can observe blue footed boobies, reef sharks and frigate birds. There will be a chance to snorkel and, if weather conditions permit, to ride in the glass-bottom boat. The volcanic setting of this area is quite stunning with cinder cones, tussock cones, and semi-eroded lava flows. In the afternoon, visit the tiny island of Sombrero Chino that gets its name from its appearance, reminiscent of a Chinese hat. The cove offers excellent swimming and snorkeling opportunities with its white sandy beach amidst white-tipped reef sharks and Galápagos penguins. Yacht La Pinta (B.L.D)

WEDNESDAY, JULY 11

Bartolome / Santiago
This morning, a Galápagos icon awaits: Bartolome Island. Disembark and hike to its 600-foot summit for a superb view of Pinnacle Rock, Sullivan Bay and the immense lava fields of nearby Santiago Island (James). Take the opportunity to enjoy the beach, snorkel, or take a boat ride around colossal Pinnacle Rock to observe the Galápagos Penguins. You may choose to also ride in the glass-bottom boat for great views of the underwater world. After lunch, board the panga to land at Sullivan Bay on the east coast of Santiago, a white coral sand beach great for swimming and snorkeling, and with a trail over a lava field. This is the perfect place to see and feel the volcanic origin of Galápagos while observing its wildlife. Yacht La Pinta (B.L.D)

THURSDAY, JULY 12

Genovesa Island
Today, arrive at the incredible bird island of Genovesa. Take an easy stroll to observe hundreds of birds, including frigate birds, red-footed and Nazca boobies, herons, finches, and mockingbirds. There is an optional walk over sharp lava and uneven terrain for dramatic views, or else return to the beach to enjoy swimming and snorkeling at this beautiful natural harbor. The more adventurous can snorkel along the cliffs or paddle-sea kayaks. The afternoon starts with a very interesting panga ride along the cliffs before disembarking for a short but steep climb up Prince Philip’s steps, named after the Duke of Edinburgh’s visit in 1964. Once at the top, the land is flat. Take a captivating walk of about a mile to the other side of this small island for the opportunity to observe large colonies of Nazca boobies, frigate birds, storm petrels, and the elusive short eared owl. Yacht La Pinta (B.L.D)

FRIDAY, JULY 13

Baltra Island
Your cruise ends at Baltra Island, where you transfer to the airport for your flight back to Guayaquil on the mainland. Upon arrival, check into your hotel to rest and freshen up. In the early evening, gather for a festive farewell dinner. Hilton Colón Guayaquil (B.D)

Please note, depending on your return flight schedule, you may depart for flights back to the U.S. late evening on July 13 or early morning or early afternoon on July 14. The hotel room at the Hilton Colón Guayaquil is included in the program cost for the night of July 13 and passengers may choose to use it until their flight home in the evening or for detailed itineraries visit alumni.harvard.edu/travel
stay the night and depart in the morning on the 14th. Other flight schedules may become available in 2018.

SATURDAY, JULY 14
Guayaquil / U.S.
After breakfast transfer to the airport for your international flights back to the U.S. or continue on to Lima for a post-trip extension to Cusco and Machu Picchu. (B)

OPTIONAL POST-TRIP EXTENSION
JULY 14–20, 2018
Machu Picchu
Discover the breathtaking Lost City of the Inca, Machu Picchu. Fly from Lima to Cusco, the capital city of the Inca Empire. From Cusco, transfer to the lovely town of Yucay in Urubamba Valley. Visit the Pisac market, Awancanacha, a weaving center and home to four species of cameloids, and the massive fortress of Sacsayhuamán among other Incan sites. Take a dramatic train ride through the Urubamba Valley to the enchanting site of Machu Picchu for overnight. On the return, spend two nights in Cusco. Additional information and itinerary will be sent to confirmed travelers.

DETAILS
Activity Level: Moderate

WHAT TO EXPECT
This program has been exclusively designed for Harvard alumni, family, and friends to explore the highlands of Ecuador and the Galápagos Islands. This is a moderately active program. Although only 16 miles from the equator, Quito has a spring-like climate for most of the year due to its high altitude (9,252 feet). Otavalo (8,441 feet), where Hacienda Cusín is located, is in the Ecuadorian sierra, and also enjoys a spring-like climate. Travel is during the dry season when temperatures range from 50sºF at night to 70sºF during the day. In the Galápagos, walks are approximately one to two miles long (sometimes over uneven and rocky terrain) at a leisurely pace suitable for wildlife observation. There will be wet landings on many islands. Dinghy or glass bottom boat rides along the coast and shorter walks are available for participants as an alternative to longer and more challenging excursions. There are opportunities for swimming, snorkeling, and sea kayaking (snorkeling equipment, wetsuits, and kayaks are available aboard La Pinta at no charge) and internet service although available can be spotty. The Galápagos Islands are at sea level and temperatures range between the 70s and 90sºF. Travel is by regular scheduled commercial airlines, motor coach, air-conditioned ship, and inflatable “Zodiac-style” dinghies. The Post-Trip Machu Picchu optional extension is a moderately active program. Throughout Andean cities, temperatures range from 30°–40°F at night to 60°–75°F during the day, and we’ll spend several days at elevations from 7,600 to 11,200 feet.

HIGHLIGHTS
• VISIT Quito’s old city plazas, churches, and museums—rich with Spanish colonial and pre-Colombian history.
• STAY at a lovely hacienda in the highlands of Ecuador.
• EXPERIENCE Andean culture at the famous Otavalo Indian open-air market.
• EXPLORE the Galápagos Islands aboard Yacht La Pinta and come face-to-face with rare and wondrous wildlife.
• SNORKEL alongside sea lions, sea turtles, and Galápagos penguins.

Yacht La Pinta is built to luxurious standards and encourages an elegant yet relaxed atmosphere. Meeting the strictest environmental and hospitality standards, the 207-foot yacht accommodates 48 guests and features a host of amenities, including a sundeck, exercise room, library, boutique, bar, and Jacuzzi. The yacht boats among the largest cabins (177 to 236 square feet) of any Galapagos vessel with floor-to-ceiling windows in all cabins. In addition, the yacht features complimentary adventure gear for guests, including snorkeling equipment, wetsuits, kayaks, and a glass-bottom boat. While on board, work out in the fitness center or relax on the Sun Deck. Take advantage of the Jacuzzi and an observation platform for dolphin and whale watching on the top deck called Darwin’s Balcony. The dining room, lounge, and bar are elegantly appointed, as is the well-stocked reading room. Depending on location and local weather, meals “al fresco” can be arranged. All 24 staterooms are outside cabins and feature air conditioning, private bathrooms, hairdryers, and safety deposit boxes. The yacht’s straightforward cabin configuration is distributed across the Cabin Deck. There are 20 Luxury Cabins (Twin/Doubles) and 4 Luxury Plus Cabins (Triples). All of the beds can be separated or joined according to guests’ needs. Four cabins can be interconnected for friends or families travelling together. Complimentary satellite internet connection and Wi-Fi access aboard ship are available.
