AMAZON RIVER EXPEDITION

February 19–28, 2016
VISITING THE MYSTERIOUS AMAZON RIVER BASIN, one of Earth’s most exotic natural realms and our planet’s largest rainforest ecosystem, is a once-in-a-lifetime experience. The longest navigable river, the Amazon winds more than 4,000 miles from its source in the Andes Mountains to the Atlantic Ocean, and its tributaries fan out over 1.5 million square miles. Explore the boundless diversity of nature’s most wondrous offerings—from delicate orchids to transparent glass frogs and pink river dolphins, to the treetops of the lush rainforest and the depths of blackwater tributaries.

Join this phenomenal natural history voyage aboard the newest, deluxe, small expedition river vessel uniquely designed to cruise the remote tributaries of the Amazon. Launching in 2015, the all-suite M.V. ZAFIRO offers a first-class experience. In an authentic atmosphere of exploration, travel far beyond civilization to the Pacaya-Samiria National Reserve, the largest wetlands refuge in the world. Navigate serpentine blackwater rivers and walk through remote forests where the number of butterfly species climbs into the thousands, and many species have yet to be classified or even discovered.

Expert, English-speaking Peruvian naturalists will lead you through the rainforest to see rare indigenous species and guide you along the Amazon’s secretive tributaries aboard special small excursion boats. In this birdwatcher’s paradise, encounter an incredible array of birds. Visit local villages to gain insight into the traditional way of life of the ribereños (river people) and watch a shaman perform an ancient ritual.

This unique program also includes two nights in Lima, Peru, featuring a visit to its historic city center—a UNESCO World Heritage site, and one night in Iquitos with an opportunity to experience its traditional market. The perfect complement to your Amazon expedition is the awe-inspiring Machu Picchu and the Sacred Valley post-tour option featuring the eponymous UNESCO World Heritage site.
MACHU PICCHU AND THE SACRED VALLEY POST-TOUR OPTION

FEBRUARY 27-MARCH 4
$2,995 DOUBLE OCCUPANCY
$3,995 SINGLE OCCUPANCY

Enjoy this once-in-a-lifetime opportunity to experience Machu Picchu, the majestic “Lost City of the Incas;” the lush Sacred Valley; and the colonial and Inca traditions of Cuzco.

Perched on an awe-inspiring mountain range above the Urubamba Valley in the Peruvian Andes, Machu Picchu was obscured from humankind for 400 years until Yale Professor Hiram Bingham literally stumbled upon it in 1911. A century of extensive research and study still has not revealed the secrets of its purpose, its residents or its abandonment; nevertheless, this UNESCO World Heritage site has been carefully excavated and preserved.

See the spectacular archaeological sites of the beautiful Sacred Valley, where ancient engineering marvels, such as the fortress of Ollantaytambo, stand as lasting testimony to the powerful and far-reaching Inca Empire. Here, village craftsmen employ age-old techniques to weave intricate tapestries and sculpt colorful pottery.

In the historic Inca capital of Cuzco, a UNESCO World Heritage site, the Inca stone fortress of Sacsayhuamán and grand Baroque- and Renaissance-style churches provide a fascinating mix of pre-Columbian and colonial influences.

RIÑA AMAZONAS/RIO UCAYALI/RIO MARAÑON

Awaken in the heart of the Amazon Basin, where the dense jungle teems with the greatest diversity of plant and animal life on Earth and the perfect serenity of the river is broken only by the occasional fisherman paddling by in a traditional dugout canoe.

A team of expert naturalists will share their insight into this rich and complex ecosystem and help you identify fascinating species like the colorful large-billed toucan, pink river dolphins, which often swim alongside the vessel, and the South American oriole. Look for a three-toed sloth moving between trees in a slow-motion ballet, while hawks, kites and turkey vultures glide overhead and jabiru storks methodically search for food in the shallows.

This afternoon, meet with a local village of ribereños (river people), who have inhabited the shores of the Amazon for generations. Here, the villagers maintain conservation efforts in order to raise several of the thousands of butterfly species that the Amazon’s ecosystem supports.

Wednesday, February 24

RIÑA AMAZONAS/RIO UCAYALI/RIO MARAÑON

Early this morning, explore the mysterious realm of the Amazonian rainforest and observe the breathtaking wonders of the jungle from a bird’s-eye perspective on a canopy walkway. Look for howler monkeys, colorful macaws and the rare electric-blue morpho butterfly. Embark one of the vessel’s small excursion boats to explore the Pacaya-Samiria National Reserve, the largest wetlands reserve in the world. This area is home to rare animals like the endangered capybara, a large, semi-aquatic rodent endemic to South America, and a profusion of palms, orchids and other tropical plants that flourish at ground level. Watch for pink and gray river dolphins swimming alongside your boat.

After lunch, board your small river skiff in search of exotic wildlife, including toucans and saddleback tamarin monkeys, and marvel at the giant Victoria amazonica water lilies.

Enjoy a picnic breakfast under the shade of a magnificent rainforest canopy while you watch for white-necked heron and wattled jacana dipping into nearby shallow waters and listen for endangered scarlet macaws chattering through the tropical rainforest’s canopy.

This afternoon, by special arrangement, meet a local shaman, or medicine man, who will perform a traditional ritual and explain how the ribereños have used indigenous plants and herbs for centuries to cure medical ailments. Participate in a traditional Amazonian tree-planting ceremony dedicated to ensuring the longevity and health of the rainforest.

This evening, take a special night excursion into the Pacaya-Samiria National Reserve in search of elusive nocturnal creatures such as caiman and bats, and admire the vast blanket of stars that shine brightest here, close to the Equator. (b,l,d)

RÍO MARAÑÓN/NAUTA
Enter a virtually uninhabited portion of the Amazon where the river narrows. Board excursion boats and cruise along serpentine blackwater tributaries while the vessel’s naturalists point out captivating animal and plant life rarely detected by the untrained eye. Then, try your hand at catching a red-bellied piranha during a fishing expedition.

This afternoon, our onboard chef demonstrates the preparation of Amazonian specialties, including juanes, a regional favorite made of chicken and rice wrapped in banana leaves.

Later, visit a typical Amazonian village to experience the timeless way of life of the ribereños. This is a unique opportunity to interact with the villagers and learn more about their special relationship with this remarkable environment.

Enjoy a final evening of cruising the Amazon en route to Nauta. Gather on the vessel’s upper deck for a festive farewell as the sun sets over the lush flora of the passing rainforest. (b,l,d)
