

HBS GLOBAL LEADERSHIP OPPORTUNITY FOR BUSINESS ENGAGEMENT: INDONESIA JUNE 6-21, 2015

Much more than a typical group tour, and different from an HBS Alumni travel program, this experiential learning tour will provide Harvard MBA alumni the opportunity to share their management expertise with organizations in a key global market that will directly impact the local population. This is accomplished by assigning alumni to teams for a one-week, on-site consultation project. Alumni also will gain insights about the local market and entrepreneurship that is occurring across the Indonesian archipelago through discussions with business and community leaders, as well as company visits and cultural excursions.

GROUP SIZE: Limited from 12 to 20 HBS MBA alumni plus any accompanying family members; up to 35 participants total.

PRICE: \$9,995 per person double occupancy / \$1,800 single supplement
