Please note that road conditions in and around Ranthambore are poor; about two hours of the drive will be on bumpy or unpaved roads. Additionally, the canters used for game drives provide minimal shock absorption: be prepared for very bumpy drives. MONDAY, OCTOBER 21
RANTHAMBORE NATIONAL PARK

On today’s morning and afternoon game drives, set out in search of more game. One of India’s best known national parks, Ranthambore belongs to India’s groundbreaking Project Tiger, dedicated to preserving and protecting the once plentiful Royal Bengal tigers that roamed the land here. Now threatened by poachers, illegal logging, and encroaching civilization, India’s tiger population has decreased precipitously; it is believed that just 58 tigers currently live in Ranthambore. The park’s varied landscape of beautiful lakes, lush grasslands, deep ravines, wooded valleys, and open scrub also features picturesque ruins of old fortifications and the thousand-year-old Ranthambore Fort, now a UNESCO World Heritage Site, which you’ll stop to admire. On the way back to the lodge, visit an organization called Dhonk, which works with members of the Mogya tribe. Here see tiger conservation in action as families who once relied on poaching the big cats now have an alternative means of earning income through crafts and artwork.
